

Rittik Chandra Das Turjy

Date of birth: 13/02/2003 | Gender: Male | Nationality: Bangladeshi | Phone: (+880) 1782842112 (Mobile) | Email address: turjy15-6289@s.diu.edu.bd, rittikdas2017@gmail.com | LinkedIn: <https://www.linkedin.com/in/rittik-chandra-das-turjy/> | Portfolio: <https://its-rittik.github.io/Portfolio/>

Education & Training

BSC in CSE | Daffodil International University | 31/03/2022 - 31/03/2026 | Bangladesh

Final grade: 3.93/4.00 | Level in EQF: 6 | Number of credits: 136

Erasmus Semester Exchange in CE | Istanbul Kültür University | 01/02/2025 - 10/07/2025 | Türkiye

Final grade: 3.24/4.00 | Number of credits: 12 (30 ECTS)

HSC in Science | Notre Dame College | 01/2018 - 07/2020

Final grade: 5.00/5.00 | Level in EQF: 4

Publications

BanglaDigit: A Large-Scale Standardized Dataset and Architectural Benchmark for Handwritten Bangla Digit Recognition

R. C. D. Turjy; S. P. Bappy; M. S. Rahman; A. Sohel; M. F. Hossain; M. R. Rashel (2026). Elsevier Image and Vision Computing

Work experience

Teaching Assistant | Daffodil International University | 05/10/2025 - Current | Dhaka, Bangladesh

Work under the supervision of **Prof. Dr. Md. Fokhray Hossain (Dean, FSIT)**, providing technical support for final-year design project (FYDP) research students, as well as the Computer Fundamentals (CSE112) and Data Communication (CSE225) courses.

Projects:

- **ATM Surveillance:** Developed and deployed a CNN-based real-time theft/fraud detection model in a Bangladeshi state bank, achieving 98% accuracy.
- **HumanTrue:** Reduced false alarms by 91% across 600+ locations by engineering human/non-human 3D CNN, Transformer, and XGBoost pipelines via MQTT.
- **MoreFish:** Achieved 95% accuracy in NH3 prediction by fusing 100k+ IoT and LiDAR data points using an ensemble of XGBoost, SVR, and Transformers.

Workshops Trainer

Inside IoT: A Beginner Workshop on Hardware, Firmware and Data Integration

Trainer & Speaker — Daffodil International University (IoT Lab)

- **Dates:** Nov 2024 (1st Edition) & Oct 2025 (2nd Edition)
- Led the 1st and 2nd editions of "Inside IoT" workshops, teaching **end-to-end IoT-ML pipelines, data preprocessing for ML** and **ML development for IoT devices**.

Projects

VitaCrop AI | 31/12/2023 - 29/02/2024

Developed an **AI-based crop** disease diagnosis system reducing diagnosis time by **40%**; designed a low literacy friendly UI and deployed on PythonAnywhere for real-time inference. [[Git Repo](#)]

Honours and Awards

75% Academic Excellence Waiver | Daffodil International University

Awarded for the entire 4-year duration of the B.Sc. in CSE (2022–2026).

Erasmus+ ICM Mobility Scholarship | Istanbul Kültür University | 10/02/2025

Best Library User | Daffodil International University | 31/12/2023

Volunteering

Vice Chair, IEEE DIU Student Branch WIE AG | 01/03/2025 - 28/02/2026

Creative Team Leader, IEEE DIU Student Branch WIE AG | 01/03/2025 - 28/02/2026

Campus Ambassador , Intel OpenAPI | 01/01/2024 - 31/12/2024

Skills

Technical Skills

- **Programming:** Python, C, C++, SQL
- **Machine Learning:** Logistic Regression, SVM, Random Forest, XGBoost, SVR, Decision Trees
- **Deep Learning:** CNN, Transformers, PointNet++, Spectrogram-based Models, XAI
- **Data & Analytics:** NumPy, Pandas, Matplotlib, Seaborn, Feature Engineering
- **Systems:** MQTT, MySQL, PythonAnywhere, Real-time Inference Pipelines

Recommendations
